TECHNICAL SKILLS

Programming Languages

- HTML, Tailwind CSS, JavaScript (Web Development)
- Familiar with Java & C

Frameworks, Libraries

- React.js, Node.js

Database Management

- MongoDB & SQL(Oracle DB)

Version Control

- GitHub

Software Proficiency

- Microsoft Power BI
- Minitab (Statistical Software).
- Microsoft Word, Excel, PowerPoint.

SOFT SKILLS

- Communication
- Leadership & Teamwork
- Presentation

LANGUAGES

- Sinhala: Native
- English: Fluent

PROFILE

As a recent graduate with a B.Sc. degree in Physical Science from the University of Kelaniya, I am eager to secure an internship opportunity to apply and enhance my skills in computer science and statistics. I am excited to contribute my knowledge and enthusiasm in a dynamic internship role. Committed to continuous learning and innovation, I am ready to bring a fresh perspective to your team.

PROJECTS

My Portfolio Website (Personal Project)

- Developed a personal portfolio website to showcase my skills and projects. The site features dynamic animations, background videos, and visually appealing gradient colors to enhance user experience. Leveraged React for component-based architecture, Tailwind CSS for rapid styling, and Google Fonts for typography.
- Technologies Used: HTML, Tailwind CSS, JavaScript, React, Google Fonts, Tailwind CSS, Animations Background, Videos, Gradient Colors

EDUCATION

2021 - 2024
UNIVERSITY OF KELANIYA

- B. Sc. in Physical Science
(Computer Science , Statistics & Pure Mathematics)

2019 - 2020
ESOFT METRO CAMPUS ,
PILIYANDALA

- Diploma in Information Technology (DiTEC)
- Diploma in English (DiE)

2016 - 2019
D. S. SENANAYAKA COLLEGE,
COLOMBO - 07

- Advanced Level in Physical Science Stream - 2019 [A C C]

2010 - 2016
ISIPATHNA COLLEGE,
COLOMBO - 05

- Grade 6 to Ordinary Level - 2015 [8As,1B]

CERTIFICATIONS

- META Front-End Developer Professional Cetificate (Cont.)
Online Course - Coursera
- Certificate in Spoken English for Professional Excellence (Cont.)
AQUINAS College of Higher Studies.

RESEARCH EXPERIENCE

"Identifying the Factors Affecting Traffic Jam in Kiribathgoda Area" (Group - Research Project)

- Conducted comprehensive research to identify the underlying factors contributing to traffic congestion in the Kiribathgoda area.
- Proposed recommendations for alleviating congestion based on research findings.
- Data Analysis: Proficient in utilizing MINITAB and EXCEL for analyzing traffic data and identifying patterns.
- Problem-solving: Developed strategies to address traffic congestion challenges through research-based analysis.
